Marathon Petroleum Company LP (MPC) is currently seeking undergraduate students in IT for co-op/internship opportunities. See how you can make MPC YOUR CAREER CHOICE.

Looking for a challenging and hands-on opportunity in the world of IT? An internship with MPC Information Technology Services (ITS) can provide you the valued experience needed to work in today’s competitive working environment while delivering efficient and effective solutions. With an in-depth understanding of business and technology, ITS employees are uniquely positioned to deliver business value across all segments of the company.

**YOUR CO-OP/INTERSHIP OPPORTUNITIES:**

MPC ITS offers a diverse set of opportunities which gives you exposure to the different areas of our business. With the potential to have multiple sessions, you will gain valuable real world experience while enhancing your skill set in one or more of the following ITS job roles:

<table>
<thead>
<tr>
<th>Business Analysis</th>
<th>Application Development &amp; Integration</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Understands business needs and translates those needs into technical requirements and solutions</td>
<td>• Uses technical requirements to develop and implement solutions</td>
</tr>
<tr>
<td>• Works closely with business clients, peers and MPC Partners</td>
<td>• Tests and troubleshoots new and existing systems</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Infrastructure</th>
<th>Systems Analysis</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Supports existing IT Infrastructure by reliably delivering applications, functionality and connectivity to the business</td>
<td>• Develops an understanding of standards, policies, guidelines, security requirements, development and functional tools, and utilizes them to enhance the quality and ensure compliance of all ITS activities</td>
</tr>
<tr>
<td>• Aids in securing MPC’s data and applications on existing and new infrastructure</td>
<td>• Interprets data and communicates findings to other job roles</td>
</tr>
</tbody>
</table>

**YOUR MENTORING AND TEAM ENVIRONMENT:**

A mentor will be assigned to you to help guide and support you throughout the duration of your session. ITS offers a collaborative and supportive work environment with a team culture where you are encouraged to reach your full potential.

**YOUR EXPERIENCE AT MARATHON PETROLEUM COMPANY:**

• Tasks and projects that deliver real value to our business partners
• Opportunity to use your existing knowledge and build upon it with new skills and experiences
• Lunch and learns, operational/facility tours and other activities to promote networking and an enhanced understanding of the oil and gas industry
• An Opportunity to Succeed!

**Basic Qualifications:**

**Majors Accepted:** Computer Science; Computer Science & Engineering; Computer Engineering; Computer Science and Engineering Technology; Software Engineering; Management Information Systems; Computer Information Systems; and IT-related majors

**Education Level:** Sophomore, Junior & Senior level candidates

Internships are available for Summer, Fall, Winter and Spring

Students must maintain at least a 3.0 overall GPA
TESTIMONIALS

WHAT DO OUR NEW HIRES AND INTERNS HAVE TO SAY ABOUT THEIR EXPERIENCES IN THE IT ORGANIZATION AT MPC?

Daniel Horn (Bowling Green State University):
“Through the Co-op/Intern Program at MPC, I’ve been provided with an invaluable learning experience. My assignments added real value to the company and I developed skills and abilities that can't be learned solely in the classroom.”

Anna Mermer (Ohio University):
“Working with MPC has provided me with excellent technical and interpersonal experience that I can apply both in the classroom and in my future career. Knowing that the work I did during my co-op will be used by the company even after I leave, is definitely something to be proud of.”

Andrew Edwards (The Ohio State University):
“Working at MPC has been a tremendous opportunity. I’ve learned things I could never get from a classroom, and I have been able to apply them to value-adding projects. Every task given had a purpose and presentable business value. MPC’s Co-op/Intern program prepares you not only for a career, but for life.”

Lisa Bergman (Bowling Green State University):
“Through my internship at MPC, I was able to obtain direct exposure to the corporate environment. I enjoyed the friendly atmosphere and my co-workers were awesome! I gained valuable technical skills and business knowledge through the meaningful projects that I was assigned. Overall I feel that this incredible experience will benefit my future career in countless ways.”

KEYS TO SUCCESS AT MARATHON PETROLEUM COMPANY:
