2014 Summer Undergraduate Research STEM Program Experience
(Science, Technology, Engineering and Mathematics)
May 19 through July 15, 2014

About the Program

The program provides research experience with a goal of increasing the number of graduate degrees awarded to underrepresented U.S. students. We hope that this experience will enhance your chances of gaining admission to graduate school and encourage you to consider an academic career at North Dakota State University.

Benefits

- Receive a $4,000 stipend + 3 graduate credits (for students with junior or senior undergraduate status)
- Participating in weekly seminars as well as social, cultural and educational activities
- Tour facilities on and off campus
- Present research done in STEM fields with oral and poster presentations

Eligibility & How to Apply

Underrepresented college students who are interested in gaining admission to graduate school are eligible for the STEM program. All information is to be sent to the address below, and must be received by March 15, 2014. Applicants will be notified by April 15, 2014. (All applicants must be U.S. citizens to qualify.)
