55	n/a	4/27/2015 11:39 AM
56	I think Kentucky State University can truly measure up to the Howard's, FAMU's and Morehouse's if they embraced and invested whole-heartedly into their Black students. In light of all that's happening in the world today you'd think that a school specifically for black students would cater to their learning styles and abilities while challenging their critical thinking skills. Furthermore, KYSU needs to do a better job of prioritizing funds. Too much financial misappropriations, too much debt, too many things that needs to be fixed and/or updated throughout campus for our university to spending millions of dollars on boats and students are getting sick because its mold in the dorms... Unacceptable. Lastly, I hope President Burse make a conscious effort to better communicate with students in a more appropriate and timely fashion. This whole "6 credit hour, no balance" crap he pulled one month prior to education really left a bad taste in not only my mouth bu the mouths of most 2015 graduates.	4/27/2015 11:28 AM

62	I transferred from MSU and was nervous to attend KSU. I love the campus and I have met some amazing people. The professors have really made me feel at home and have worked hard to ensure I was successful this year. I have had a great experience at KSU.	4/24/2015 1:27 PM
63	More programs promoting diversity here at the school, as well as more activities	4/24/2015 1:10 PM
64	I feel like there are too many things being done. Honestly. Just let the students be the students they came here to be. The students that aren't meant to survive, won't. Implementing mandatory attendance is NOT going to help the students. Mandatory attendance is making it harder, and from personal experience, I can say that the whole policy caused me so much unnecessary stress. School is hard and the ones that want to be here, will stay. The ones that are suppose to be here, will stay. Also, being college students, life is expensive. You have some students work 3 jobs just to stay afloat. When word gets around that balances are resulting in kids getting dropped, I find that MORE than ridiculous. I want this school to thrive as much as the next person. I want my children to want to choose Kentucky State University because that is where their mother went to school. With how things are going now, I am worried that the chances of the future student are scarce. With that being said, I respect what President Burse is doing, I respect that he is trying to get this University back to where it once was. I don't necessarily know what should be done to change the school, other than let the students be students. Like I said, if their motivated, if they are suppose to be here, then they will be here. Its that simple. Also, student morale is crucial at any institution. I think it would be nice to see our president and staff wearing our school colors and supporting the institution. It is also crucial for this University to receive support from the community. Kentucky State is Frankfort's University, but I don't see much community support. I think that is something that should be addressed as well.	4/24/2015 1:02 PM
65	I think we are rebuilding. We have been hurt and torn down, so it will take that much more to build us up. I do believe in five or ten years we will be back on track, and full of life, but I know we have a long way to go. I am from Frankfort, Ky. I grew up being involved in programs at this school, so I saw the campus at it best times, and at its worst times, but I know we will overcome. I can't think of Frankfort without this university. The community has grown so much by having our campus here. I am proud to say that I go here. If I could offer any advice, it would be to stop ignoring the people who know this campus the most. Stop ignoring the faculty, the staff, the alumni and most of all the students. We all love this university dearly, and we all can contribute to it re-growth. Thanks.	4/24/2015 12:59 PM

78	I love KSU, and I will continue to encourage students to attend, but I believe that the quality of education is limited because our professors during the prerequisite courses do not instruct on a collegiate level. 83	Improve communication with students from administrative offices. The inconsistencies of the Nursing program and general lack of concern for the students by the Department Chair of Nursing should be evaluated by the university.	4/23/2015 10:56 AM
84	Faculty members in major areas such as nursing need to be evaluated, and nursing needs to have CONSISTENCY!	4/23/2015 10:51 AM
85	no mandatory surveys	4/23/2015 10:43 AM
86	The chair of the Nursing department is very difficult to talk to and has made it extremely difficult to graduate. While making many changes within the program while we were halfway completed, it has been very difficult to graduate. We will not know our completion of the program until 2 days before graduation.	4/22/2015 3:40 PM

88	My last semester here has really chngaed, Which will bring me back if I ever decide to further my education but my previous years were not the best. It is starting to look up and hope it only gets better.	4/22/2015 2:33 PM
89	Getting phone calls and emails returned.	4/22/2015 11:27 AM
90	Better organization within the University when it comes to Financial aid and assisting students achieve their goals	4/22/2015 11:22 AM
91	Counselors must be more effective from the day a student enrolls to the day the student graduates. I believe that the counselors should be more effective. Students have no guidance at this University!!	4/22/2015 11:17 AM
92	get back to the family feel. remember that student help the school.. offer better customer service. only keep people who really are about the students	4/22/2015 11:06 AM
93	More informational and assistance in areas beside the classroom	4/22/2015 9:22 AM
94	Student morale is necessary to improve KSU in the future	4/21/2015 2:46 PM
95	none	4/21/2015 2:08 PM
96	I believe that KSU classrooms should spend less time discussing race and more time discussing topics that relate to the class. Faculty (instructors) should have better control of their class rooms instead of having so many interruptions by the students.	4/21/2015 1:52 PM
97	I believe that KSU just needs a financial aid remodel. I say that because there are things that have happened with not being aware of certain fees and balances that should be changed.	4/21/2015 1:22 PM

103	Everyones situation is different but I just wish that I had more people to advise/help me, maybe I just did not know where to find it	4/20/2015 3:44 PM
104	Thank you for the opportunities I was offered while I was a student here. I would like to give back to the school once I am in that position. I am proud and thankful to have attended KSU.	4/20/2015 3:39 PM
105	Improve student orientation, allow students to see leadership through staff, stop making the school so pretty and invest in the students. How is it that a chunk of the income for the school comes from student parking tickets. Library? When can we get more than 12 computers and why isnt it open 24hrs like other institutions? Thanks	4/20/2015 2:51 PM
106	Be more selective in hiring staff.	4/20/2015 1:59 PM
107	I dont have much to say besides im happy we have a president in here thats cares for us as students and our university..	4/20/2015 1:55 PM
108	better staff	4/20/2015 1:23 PM
109	I just hope in the future, people are more hands on with helping the students and making sure that staff and faculty respect the students and their needs.	4/20/2015 12:09 PM
110	I believe KSU has helped me in life to understand certain things however not pertaining to getting me ready for employment I believe we need a larger campus and we need to start investing back into our university so student can have internships on campus and get an ideal of what their career will be like before they graduate. This way we'll be ready and know how to improve from a situation when it comes up later down the road. also i believe we can do better with encouragement, I think we(students and faculty) spent a lot of time say whats not allowed or what won't be tolerated rather than you did great, keep up the good work.	4/20/2015 12:02 PM

113	I feel we should focus on student activities to increase enrollment and retention.	4/20/2015 9:41 AM
114	make sure professors are held accountable for their negative actions	4/17/2015 12:09 PM
115	i love ksu they have given me a runway into life to be successful. #IAMKSU	4/17/2015 12:07 PM

118	more masters programs	4/16/2015 4:05 PM
119	With the recent changes, it has been very stressful for my last semester. I can see things are changing but at the same time, it isn't getting better for students. Changes are abrupt and we are given little to no notice of these changes. I also do not care for the popularity votes for SGA. For the most part, the school is ok. When it comes to anything with financial aid, registrar, or problems in general, it is really hard to get things accomplished and it is very frustrating.	4/16/2015 1:01 PM

121	They shouldn't wait to the last minute to to important things. Also, they are very, very unorganized to the pont where its ridiculous.	4/16/2015 11:32 AM
122	Ksu needs to stop cutting loose teachers based on how long they've been here. Just because one teacher has been here for more years then another does not make them a good teacher. The budget needs major work on how it is divided into programs and the filing system needs to be immensely improved to further less mistakes of the financial kind in the future.	4/16/2015 10:45 AM
123	I would like to say that i an a proud alumnist of this institution of higher learning. however if it continues to produce more caucasion than African Americans. i will not give back to this university, one of the many reasons i came to this institution was because it was a HBCU. However, i feel as if now its becoming more into a PWI. if that happens i will not give back to this institution...;	4/16/2015 9:56 AM

Graduating Survey - Spring 2015

124	I am grateful for my experience here at KSU. I have been afforded numerous oppourtunities that I do not believe I would have been afforded at larger insititutions. At my time here at KSU, I have been able to have one on one interactions with my professors and learn from my fellow peers due to small class sizes. I enjoy this aspect about KSU and I know KSU will continue to move "Onward and Upward"	4/15/2015 1:56 PM
125	Administrative interaction with students in decision making and policy should be increased. Accountability for offices that need to do such interaction should be looked over more.	4/15/2015 1:16 PM
126	classes which show to be needed for a degree to be taken in a specific semester and not available during that semester is very frustrating and notification of courses outside of core and options and electives which are additionally required are not clearly stated in the beginning for a returning or transfer student	4/15/2015 12:58 PM
127	Recognition of all student orginizations on campus and not just SGA.	4/14/2015 10:58 AM
128	Treat the students like adults trying to grow in the world, not children at the next level of education.	4/13/2015 9:44 AM
129	I'm not sure I have the time. If really interested, I would write an essay on the improvements that can be made to this university,	4/10/2015 1:31 PM
130	make the transtion from high school to college a little smoother. Have class tell you on what do to with FASFA, and tell them if they have enough money to attented this school. Give the guide line on how much a class is if your out of state. And have a scholarship place, so they can help people in trying to get a scholarship.	4/9/2015 9:50 AM
131	Everything is fine. It has been on a up & up.	4/7/2015 3:34 PM
132	Some teachers lack the ability to teach students. Not all, but some focus on particular students to help uplift and let others fall by the waistside.	4/7/2015 3:03 PM
133	the lack of organization in the main offices and the lack of communication in this school can really stress you out. I like everyone, just very stressful :/	4/6/2015 12:57 PM

136	You employees need to know the people they work with so a student can go to the Academic Building and they know who the student is talking about. Explaining who someone is takes a lot of time and it is not my job, as a student, to tell you who an employee works with in order to get the help required.	4/3/2015 9:28 AM
137	NA	3/19/2015 12:24 PM
138	I think KSU has great potential. I know President Burse will make sure of that. Regarding the teachers at this institution, many need to be reviewed because I don't understand how they still have a job here. Many teachers do not even teach the material required for the course. That is a great disadvantage to our learning, especially as many of us move on to graduate or even doctoral studies.	3/17/2015 3:29 PM
139	Get more input from the student body to find out what can make KSU a better school.	1/29/2015 2:43 PM
