

DID YOU KNOW, KENTUCKY STATE UNIVERSITY HAS THE **LOWEST STUDENT-TO-FACULTY RATIO** IN THE STATE?

DID YOU KNOW, AGRICULTURE EMPLOYS OVER **24 MILLION WORKERS** OR **17% OF THE TOTAL WORK FORCE** IN THE U.S.?

INTRODUCING A *New!* UNDERGRADUATE DEGREE OPTION

## WHY KENTUCKY STATE?

- KSU has a *family feel* campus environment among peers and faculty.
- Students are *actively engaged and involved* in experimental tasks.
- Professors and mentors *inspire confidence* to succeed and act as role models.
- The Bachelor of Science in Agriculture, Food, and Environment will actively prepare students for many *exciting STEM fields* after college.
- Kentucky State has the *lowest tuition* in the state.
- Financial aid options including Federal Work-Study, scholarships, student loans, grants, and veteran benefits *make tuition affordable*.

# AGRICULTURE BUSINESS

**BACHELOR OF SCIENCE:  
AGRICULTURE, FOOD,  
AND ENVIRONMENT**  
COLLEGE OF AGRICULTURE,  
FOOD SCIENCE, AND SUSTAINABLE SYSTEMS

**WWW.KYSU.EDU/CAFSSS**  
**@KSUCollegeofAg**

The **OPTION IN AGRICULTURE BUSINESS** trains students in various aspects of business and management necessary for success in any agriculture-related business. This can include large and small firms as well as international companies. The skills and information learned will prepare students in the management and marketing of agriculture products and issues specific to agriculture enterprises.
